4. Each winter, guests come and sleep in the hotel before it is finished.

### THE ICEHOTEL

For many years the Arctic was a popular destination in the summer season to see the land of the midnight sun but in winter the few inhabitants had the snow and ice to themselves. By the end of the 1980s it was decided that the dark and cold winter should be seen as an advantage. In the winter of 1990 the French artist Jannot Derit was invited to have the opening of an exhibition in a specially built igloo (a building made of snow) in the little town of Jukkasjärvi on the frozen Torne River. The building, named Arctic Hall, attracted many interested visitors to the area. One night a group of foreign guests decided it would be a good idea to sleep in the Arctic Hall. The following morning the brave group were very pleased with their experience and the idea of an ice hotel was born. Today it is world famous.

As soon as winter begins, a team of snow builders, architects and artists from all over the world come to Jukkasjärvi and they make the hotel for that year. As one part is completed, it opens to visitors and overnight guests, while the other parts are still being built. The first part is completed in December and each week after that a

new part opens, until January 7th when the hotel is completed. As the ICEHOTEL is built under the open sky, using the natural materials of the winter season, the finishing date depends on nature and therefore there are sometimes changes to the plan. In the spring, as the weather gets warmer, the hotel melts.

Inside the hotel, the temperature is never colder than  $-5^{\circ}\text{C}$  to  $-8^{\circ}\text{C}$ , however cold it may be outside. Winter outer clothes such as warm overalls, hats and gloves are included in the cost of guests' stay at the hotel. In addition to this, it is a good idea for guests to bring sweaters and a scarf as well as plenty of woollen socks and to choose footwear that is larger than normal to allow space for thick socks.

If you are planning to come to the hotel, you can buy warm sweaters, woollen socks and much more on the ICEHOTEL website. You can order these and the equipment you will need at the same time as you book your visit. The items will be delivered to your room when you check in.

The hotel is in the village of Jukkasjärvi, 200 km above the Arctic Circle but only 15 km from Kiruna airport and 17 km from Kiruna train station. Transport by bus can be arranged from the airport or train station to the ICEHOTEL.

## **Task 2.**

Read the text below and choose the correct answer for each question, mark the correct letter A, B, C or D on your answer sheet.

### **An actor prepares**

People often ask me how I prepare for a new part and I find this a really difficult question. An actor needs to know a lot about different sorts of people and different types of personalities. Imagine you have to play the part of someone who is ambitious and intolerant. Perhaps you aren't like this but you must understand how people feel and behave when they are. So, I watch people all the time, especially when I'm preparing for a new part.

For me, when I'm acting, the costume is also very important. Clothes are really important to all of us. They tell other people a lot about who we are and who we aren't. Different clothes can change our behaviour. Think about it. When you put on party clothes, work clothes or sports clothes you change a little. For example, in

smart, expensive clothes you look good, you feel good and you are more confident. That's why costume is important for me when I'm acting. If I put on the clothes of an old, poor homeless woman I feel more like her. The moment I put on the costume I change, and for a short time I am another person.

**11. Actors have to**

- A answer a lot of questions.
- B prepare for a long time.
- C show their personalities.
- D be very ambitious.

**12. Kelly watches people a lot because she**

- A is interested in people.
- B wants to learn how different people behave.
- C is very patient.
- D needs to understand why people are different.

**15 According to the article**

- A Kelly often plays an old woman.
- B costumes help Kelly play a part.
- C Kelly likes pretending to be an old woman.
- D Kelly likes choosing costumes

**13 The clothes we wear**

- A are important to us.
- B must be attractive.
- C show how rich we are.
- D tell people different things about us.

**14. When we wear different clothes**

- A we sometimes feel different.
- B it can make us nicer people.
- C our behaviour always stays the same.
- D people notice us more.
